

DECLARATION OF CONFORMITY Regulation (EU) 2017/821: Conflict minerals

The Conflict Minerals Regulation (EU) 2017/821 imposes due diligence obligations in their supply chain on Union importers of certain minerals from conflict or high-risk areas. Regulation (EU) 2017/821 applies in particular to Union importers of minerals or metals containing tin, tantalum, tungsten or gold, as specified in Annex I to this Regulation, if the annual import volume per mineral or metal concerned exceeds the volume thresholds set by the Regulation.

As such, Regulation (EU) 2017/821 does not apply to GOTEC SA. Nevertheless, GOTEC SA endorses the objectives of the European Union underlying Regulation (EU) 2017/821 and wishes to contribute to their realization. In that context, GOTEC SA also asks its suppliers to strictly comply with the obligations described in the Regulation (EU) 2017/821.

St-Léonard, the 1st of January 2026
